

# BC NATURAL RESOURCES FORUM

*Our Resources - Our Future*

## BUILDING B.C.'S RESOURCE FUTURE

The 23<sup>rd</sup> Annual BC Natural Resources Forum brought together leaders to advance critical conversations about investment, partnership, and opportunity across British Columbia's resource sectors.

With continued momentum in infrastructure development and a deepening commitment to Indigenous partnership, the Forum created a powerful platform for collaboration between First Nations, government, and industry.

This year's Forum was a sold-out event and marked the attendance of the Premier of B.C. for a thirteenth year. Delegates came from across Canada, United States and Australia to attend Western Canada's largest natural resource event. The 2026 BC Natural Resources Forum Advisory Committee extends a huge thank you to everyone that participated and supported this event.

### 2026 Highlights

The Forum attracted an exceptional roster of 85 leaders who shaped critical conversations about Western Canada's resource future.
