

BC NATURAL RESOURCES FORUM

Our Resources - Our Future

A YEAR OF IMPACT!

The 22nd Annual BC Natural Resources Forum (BCNRF) was a massive success thanks to the delegates, speakers, and sponsors that participated, supported, and attended!

In addition to a sold out event and tradeshow, this year marked the Premier of BC's 12th year in attendance. Delegates came from all over the country to attend Western Canada's largest natural resource event.

The 2025 Forum Advisory Committee extends a huge thank you to everyone that participated and supported this event. With over 1,400 participants, we are thrilled with the level of involvement and engagement that unfolded during the Forum.

PURPOSE, PARTNERSHIPS, AND PROSPERITY

This year's Forum delved deep into the interconnectedness of the elements of Purpose, Partnerships and Prosperity. Through dialogue, knowledge sharing, and collaboration, we delved into the opportunities created by purpose-driven initiatives, the power of meaningful partnerships both locally and internationally, and the pathways to shared prosperity in British Columbia's natural resource sectors.
